Kestrels Autumn term 2025

PE

We are learning to strike, catch and field a ball and how to show resilience and perseverance as well as dance!

MATHS

This term we are looking at place value, addition and subtraction, multiplication and division.

RE

We are looking at myths and what a myth is and how it is related to religion.

Retrieval

We will keep looking back and events in time and revisiting the continents and map work.

COMPUTING

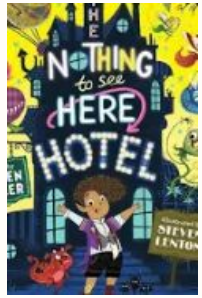
We are learning to use coding to create our own animation projects using Scratch.

ART

We will be using our imagination to create our own hybrid animal out of mudrock!

ENGLISH

We are starting the year creating an information text on how to care for our hybrid pet, and then we are going to create an interview with our pet!

READING


Through 'The Nothing to See Here' we will be looking at reading with fluency and expression and retrieving information from the text.
