

# Kestrels Spring 1 term 2026

## PE

This term we will be learning to play handball and being creative through gymnastics.

## MATHS

We will be learning our multiplication and division facts, problem solving, and length and perimeter.

## RE

We will be looking at signs and symbols from different religions

## PSHE

Over the term we will be using the Happy Mind program on the unit of 'appreciate', thinking about the importance of gratitude.

## HISTORY

This half term we will immerse ourselves in the stone age and the iron age.

## SCIENCE

This half term we will be exploring solids, liquids and gases.

## ENGLISH

We will be learning about fronted adverbials and using commas for list, and expanded noun phrases.

## READING

We will be building on our fluency and reading with expression, as well as building our reading stamina.

# How are we influenced by the past?
